1. Photo call will be after either the Friday or Saturday performance, depending on designers' availability.
2. Talkback dates will be added to the tech and production schedule and shared with designers as soon as they are scheduled.
3. We will have another full put-together this Thursday and Saturday.
4. U. Sarmiento reached out to contacts at UCO and Lyric to ask about renting a shotgun; MT Wichita is also an option if need be.

SCENIC:

1. The music area table and patio bench are the only furniture pieces not in the space.
2. A prop list and list of consumables are finalized.
3. Renee asked that the backstage area countertops and floor area be kept as clear as possible.

1. See General #4.
2. The armory inventory has been uploaded to the DropBox.
3. The water fight will be worked on Thursday with water and pots; pots will be ready for rehearsal tomorrow.
4. There are no dummy or prop shotgun rounds in stock; one option is to ask to rent them along with the shotgun.
5. The gramophone base will be built to be hollow, so a speaker can be placed inside.
